Example

Plan your career Journey

Get to know yourself

This will help you find careers that match your strengths, interests and personality

What choices or decisions will you need to make?

For example, what will you study, and where? Teachers, careers advisers, friends and parents can all help you, and you can find support and inspiration online

What skills and experience do you need to make your next step?

Think about the different ways you can build the skills, knowledge and experience you'll need at each stage of the journey

Action Steps

Now that we have gone through the steps and thought about the different short term goals, you can start to make progress and use our different resources; educational lessons, learning techniques, skill development, money management, interview tips.

Remember – your journey never stops, it's important to keep making goals and gaining new skills.
